HEALTH OFFICER ORDER FOR THE CONTROL OF COVID-19
Temporary Prohibition of Group Events and Gatherings
Required Social Distancing Measures
Closure of Certain Businesses
Date Order Issued: March 16, 2020

Please read this Order carefully. Violation of or failure to comply with this Order is a crime punishable by fine, imprisonment, or both. (California Health and Safety Code § 120295; Los Angeles County Code § 11.02.080.)

SUMMARY OF THE ORDER: During a State of Emergency, California law empowers the County of Los Angeles Health Officer (Health Officer) to take measures necessary to protect the public from the spread of the Novel Coronavirus (COVID-19) within the County of Los Angeles. In accordance with the Centers for Disease Control's (CDC) Interim Guidance for Large Events and Mass Gatherings (March 15, 2020); the California Department of Public Health's Mass Gathering Guidance (March 11, 2020); Governor Newsom's Guidance Regarding Bars and Restaurants (March 15, 2020); and Mayor Eric Garcetti's Emergency Public Order – New City Measures to Address COVID-19 (March 15, 2020), the Health Officer is ordering significant protective measures to stem or slow the spread of COVID-19 within the greater Los Angeles community.

Because of the rapid spread of COVID-19 and the need to protect the most vulnerable members of our community, this Order prohibits all indoor public and private gatherings and all outdoor public and private events within a confined space, where at least 50 people are expected to be in attendance at the same time. This Order applies within the County of Los Angeles Public Health Jurisdiction, beginning March 16, 2020 and continues through March 31, 2020, subject to the terms and conditions more particularly set forth below.

For all gatherings that are not prohibited, the Health Officer orders the event and gathering holders and venues to implement the following infection control precautions: (1) enforce social distancing within the confined space by requiring attendees to be separated by six (6) feet; (2) provide access to hand washing facilities with soap and water or hand sanitizer that contains at least 60 percent alcohol; (3) post a sign in a conspicuous place at the public entry to the venue instructing members of the public to not attend if they are experiencing symptoms of respiratory illness, including fever or cough; and (4) adhere to communicable disease control recommendations provided by the Los Angeles County Department of Public Health.

Further, this Health Officer Order, in accordance Mayor Eric Garcetti's Emergency Public Order – New City Measures to Address COVID-19, requires all permanent food facilities to limit their services to only preparing and offering food to customers via delivery service, via pick up for take-out dining only, or via drive thru.

This Order immediately requires closing the following types of businesses:

(1) Bars and Nightclubs that do not serve food.

(2) Gyms and Fitness Centers.

(3) Movie Theaters, Live Performance Theaters, Bowling Alleys, and Arcades.

The County Health Officer will continue to monitor COVID-19 disease spread, State and CDC recommendations, and the impact of the required measures, and as needed, may revisit, extend, expand, or otherwise modify this Order to protect the public's health.
COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC HEALTH
ORDER OF THE HEALTH OFFICER

UNDER THE AUTHORITY OF THE CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, THE COUNTY OF LOS ANGELES HEALTH OFFICER ORDERS:

1. Effective March 16, 2020, and continuing through March 31, 2020, all public and private group events and mass gatherings, as defined below, of 50 or more people are prohibited anywhere within the Los Angeles County Public Health Jurisdiction.

2. For public and private events and gatherings attended by between 10-49 members of the public, held in a confined or enclosed space, and not prohibited by this Order, the organizer of the event and the owner, manager, or operator of the venue holding the event or gathering shall:
   a. Enforce social distancing measures by requiring attendees who remain at the event for over 10 minutes to be separated by at least six (6) feet from other attendees during the entirety of the event or gathering. Persons who attend the event or gathering as a group, e.g., a group of family members or household contacts, may sit or remain together, but groups of attendees must be separated by a distance of at least six (6) feet.
   b. Provide access to hand washing facilities with soap and water or with hand sanitizer that contains at least 60 percent alcohol.
   c. Post a sign in a conspicuous place at all public entries to the venue that instructs members of the public to not attend if they are experiencing symptoms of respiratory illness, including fever or cough.
   d. Adhere to communicable disease control recommendations provided by the Los Angeles County Department of Public Health, including guidance for cleaning and disinfecting the site. See guidance posted at www.publichealth.lacounty.gov/media/Coronavirus/.

3. Effective immediately, and in accordance with Governor Newsom’s Guidance and Mayor Garcetti’s New City Measures to Address COVID-19, all permanent food facilities, as defined by Health and Safety Code § 113849, may only prepare and offer food that is provided to customers via delivery service, via pick-up for takeout dining, and via drive-thru. Bars and night clubs that offer food to consumers may remain open only for purposes of continuing to prepare and offer food to consumers via delivery service, via pick-up, or drive-thru. Permanent food facilities that provide and offer food to consumers for pick up must require patrons or groups of patrons who are ordering food and beverages to be and remain at least six (6) feet apart from each other while inside the facility.

4. Further, the Health Officer orders the immediate closure of the following types of businesses:
   a. Bars and Nightclubs that do not serve food.
   b. Movie theaters, live performance venues, bowling alleys, and arcades.
   c. Gyms and fitness centers.
   d. Wineries, Breweries, and Tap Rooms that provide tastings.

5. This Order does not supersede any stricter limitation imposed by a local public entity within the Los Angeles County Public Health Jurisdiction.

REASONS FOR THE ORDER

6. This Order is based upon scientific evidence and best practices, as currently known and available, to protect members of the public from avoidable risk of serious illness and death resulting from the spread of COVID-19, as well as to protect the healthcare system from a surge of cases into its emergency rooms and hospitals. The Order supports the California Department of Public Health and the CDC’s efforts to institute necessary social distancing measures to reduce community transmission of COVID-19.
7. Existing community transmission of COVID-19 in Los Angeles County presents a substantial and significant risk of harm to the health of residents. Currently, there is no vaccine available to protect against and no specific treatment for COVID-19. As of March 16, 2020, there have been at least 94 cases of COVID-19 and 1 death reported in Los Angeles County.

8. The virus that causes COVID-19 can be spread easily through person-to-person contact. This risk of transmission is increased when people are in close proximity. All group events and gatherings pose an increased risk for transmission of COVID-19 and thus, are a substantial risk to public health. Circumstances associated with Group Events and Mass Gatherings, smaller events and gatherings, and the public’s presence in businesses where it is usual for patrons to have extended close contact, that are likely to exacerbate the spread of COVID-19 include, without limitation: (a) the increased likelihood that these events, gatherings, and businesses will attract people from a geographic area with known COVID-19 community transmission, (b) the prolonged time period during which large numbers of people are in close proximity, (c) the difficulty in tracing and controlling additional exposures when large numbers of people attend a single event, and (d) the inability to ensure both that attendees are not infected with COVID-19 and will follow adequate hygienic and social distancing practices.

9. In the absence of a specific immunization or treatment for COVID-19, social distancing is the only and most readily available tool to prevent this disease. Increasing social distancing and limiting gatherings are proven ways to slow transmission of communicable diseases. Accordingly, to reduce the community transmission of COVID-19, the Health Officer has ordered the temporary prohibition of all Group Events and Mass Gatherings, as defined in Sections 10, 11 and 12, and is also requiring the closure of certain businesses where it is usual practice for patrons to remain in close proximity.

DEFINITIONS

10. For purposes of this Order, Group Events and Mass Gatherings are any gathering, assembly, event, or convening that brings together or is likely to bring together 50 or more persons at the same time in an indoor or outdoor confined or enclosed space, for any purpose including a business, cultural, religious, athletic, entertainment, social, or other special event. These types of Group Events and Mass Gatherings are likely to result in situations where people will be within six (6) feet of each other for an extended period of time (greater than 10 minutes).

11. Group Events and Mass Gatherings include, without limitation: (a) any convention, arena, or meeting space with fixed seating or other set-up where seating is placed adjacent to each other in rows; (b) any space where event attendees stand in close proximity to each other, such as a concert or other performance that includes “standing room only” sections; (c) an admission or concession line/queue; and (d) a confined or closed outdoor space: (i) that is enclosed by a fence, physical barrier, or other structure and (ii) where people are within six (6) feet of one another for more than ten (10) minutes. 16. If any subsection, sentence, clause, phrase, or word of this Order or any application of it to any person, structure, gathering, or circumstance is held to be invalid or unconstitutional by a decision of a court of competent jurisdiction, then such decision will not affect the validity of the remaining portions or applications of this Order.

17. This Order is issued in accordance with, and incorporates by reference, the March 4, 2020 Proclamation of a State of Emergency issued by Governor Gavin Newsom and the March 4, 2020 declarations of a local and public health emergency issued by the Los Angeles County Board of Supervisors and Los Angeles County Health Officer, respectively, and as they may be supplemented.
18. To protect the public’s health, the Health Officer may take additional action(s) for failure to comply with this Order. Violation of this Order is a misdemeanor punishable by imprisonment, fine or both under California Health and Safety Code Section 120295 et seq. Further, pursuant to Sections 26602 and 41601 of the California Government Code and Section 101029 of the California Health and Safety Code, the Health Officer requests that the Sheriff and the Chiefs of Police in all cities located in the Los Angeles County Public Health Jurisdiction ensure compliance with and enforcement of this Order.
